About This Game

Lamia's game room is a Gothic style horror mystery card game.

You are brought into a room by a mysterious woman named Lamia and forced to play games with people from different backgrounds.

You will learn the story as the game progresses. Find out your opponents' weakness during conversations, in order to defeat them.

Winning is the only way to leave the room...

Game features:

suspenseful and mysterious story line.

RPG-style dialogues allows you to be immersed in the story.

Stylish game design.

Easy and simple game play.

SKIP ↗

Bell : I'm so scared...

Name: Mr. Egg

Height: 177

Constellation: Cancer

Experience: He used to be the model agent. He was fired because he molested the model of the company.

Weakness: Can't withstand people look at him with dubious eyes, because that would make him remind his past.

the game all about luck there is no tactical things so if you want to play the game just for story or you like anime not for the game idea so go ahead buy it but do not buy it if you like card games because there is no unlock cards just story and there is no online mod too but the graphic is great and the story is good that all i can say
